School of Computer and Information Engineering, Hefei University of Technology, No. 420 Emerald Lake Road, Shushan District, Hefei 230601, Anhui Province, China.

Short Bio
Huilin Chen is currently a third-year Ph.D. student under the supervision of Prof. Zhiyong Cheng and Dr. Fan Liu at Hefei University of Technology, China. He received B.E. and M.E. degrees from Jining University and Tianjin University of Technology in 2017 and 2023, respectively. His research directions include multimedia recommendation and a unified framework for multimodal generation (both Flow-based and LLM-based). His research has appeared in top forums, including ACM SIGIR, ACM MM, IEEE TMM, and TOIS. He has also served as a reviewer for several leading conferences and journals, including ACM SIGIR, ACM MM, ToMM, and TKDE.

Research Interests:

- Multimedia Recommendation
- Multimodal Generative Models

Education

2023 – Now **Hefei University of Technology, Anhui, China**
- Ph.D. in School of Computer Science and Information Engineering.
- Supervisors: Prof. Zhiyong Cheng and Dr. Fan Liu.

2020 – 2023 **Tianjin University of Technology, Tianjin, China.**
- M.S. in School of Computer Science and Engineering.
- Supervisor: Prof. Dexin Zhao and Dr. Fan Liu.

2013 – 2017 **Jining University, Shandong, China.**
- B.S. in School of Computer Science and Engineering.

Experience

2018 – 2019 **Software Development Engineer,**
Shunneng Network Technology Co., Ltd., Shandong, China

Research Publications
